Recommendation Letter for Service

05 June 2013 to 31 May 2015

Yar Zar Hein, Assistant Engineer

This is to recommend that **Yar Zar Hein** has been employed as *Assistant Engineer* for Building Construction Supervision and Pile Load Test at CSC Group and its subsidiary firm Geolab (Myanmar) Co., Ltd.

The PTTEPI Thaketa Supply Base Upgrading Project at Thaketa (Myanmar Oil and Gas Enterprise, MOGE) is awarded to CSC Group for Construction Supervision Work and Pile Testing Work where he has involved and successfully done.

He has also involved Myanmar Pou-chen Factory Project (Thar-du-kan IE), Thanlyin Star City Project, Puma Petroleum Product Supply and Production Terminal Projects (Thilawa) and many Residential Building Construction projects for Testing Monitoring work conformed to ASTM D1143 (Static Load Test) and ASTM D5882 (Pile Integrity Test).

Yar Zar Hein has performed above mentioned projects in successful completion as well as quality in works within very tight Time Frame of Client. He has shown his ability of technical skills to supervise QA and QC of materials, workmanship and handling of modern testing equipment such as Pressure Gauges, Hydraulic Jacks and Pumps, Data-loggers, LVDTs, Strain Gauges, and so on. He has also performed safer working environment and successful completion without incident and accident at job site in line with HSE policy practiced by CSC Group and clients especially for oil and gas industries.

Yar Zar Hein is sincere, loyal to client and work in line with engineering ethics, local and international codes and standards. He can perform Logger-net Software for real time monitoring purposes as well.

We have no choice but to accept his resignation due to his Family Business at Pakukku Township, upper Myanmar area.

We at CSC Group did appreciate the performance of Yar Zar Hein and recommend him in Civil Construction Works at Potential Development Projects and these may require monitoring and testing works in the future.

Win Naing Htun
PE-M.ASCE, PE-MEngC
Chief Consulting Engineer and Managing Director
